Dear Prof.M.Michalodimitrakis

First, your associate Anastasia has been a pleasure to work with and I'm confident that we will have a useful research product in the near future.

Second, many congratulations on your newly elected position! It sounds like a wonderful opportunity for your university and Greece more broadly.

Tell me what I can do to help this along, either from myself or from the University of Pennsylvania.

Best wishes and it is very good to hear from you,

Professor Charles Branas, PhD
